

# Beech Class Summer 2024

This term we will be learning about Ancient Rome and the Roman invasion of Britain. We will be thinking about making healthy food choices when cooking and making structures stronger in DT. In art and design we will be creating sculptures inspired by Louise Bourgeois. In science we will be exploring plants and light.

Please check the weather forecast and send your child to school with a coat if needed. As the weather warms up please think about a sun hat and sun cream. Please continue to practice multiplication tables with your child as often as you can. The Year 4 will complete the Multiplication Table Check between 3rd -14th June. Continue to read regularly at home. It doesn't have to be their school reading book it can be a book you are reading at home. Homework. Please choose a project from homework sheets available from the school website. [www.stmarysroughton.co.uk](http://www.stmarysroughton.co.uk)
